As per the call: "In case of students with the same final point score, students that have a greater number of credits (ECTS equivalent) obtained in university studies will be given priority. If the students have the same score after this evaluation, the younger one will be given priority". Having the candidates Trujillo and Gatti the same number of credits obtained in university studies (equivalent to five years full time), the fourth position is given to the younger of the two.

The President of the Committee Prof. Guido Magenes
